## Two Arrested Here on Burglary Count

### Albert Green and William Pope to Face Trial in Lake County for Crime

Two young burglars were captured here Tuesday by Lake and Mendocino county authorities and were taken back to Lakeport for trial. They were Albert Green, aged 22, and William E. Pope, aged 29.

They are alleged to have robbed the home of W. W. Prather at the Prather lumber mill on Elk mountain.

Green has made a confession of guilt, says the Lakeport Bee. He was brought here from Ukiah last night by Sheriff Day and locked in the county jail. Pope will be brought here tomorrow by Day. Considerable loot has been recovered and more of it will be traced later, it is stated.

Green and Pope were employed at the mill of Prather until recently, Pope as a mill worker, and Green as a logger. The pair resided at the mill with Green's parents and other members of the Green family. The group left the mill Monday to make their residence in Ukiah. On the same day, Prather, who had been in Lakeport, made a trip to the mill and discovered his home had been entered, and the office as well.

Green confesses that he and Pope are responsible for the theft at the Prather place as well as the looting of the York cabin on Elk mountain in November, and the Walter Sahland summer cabin, adjoining the Prather place.

Green denies that he entered the premises at the Prather place but charges that Pope entered the office and home and took a typewriter and adding machine, which the pair sold in Santa Rosa for the sum of $10.00. Green claims that only grub was taken from the cabins in mention, but officers believe other articles of value were stolen.

Among articles recovered by the officers was included a valuable telescope belonging to Prather, and a rifle belonging to Sahland that was taken from the Prather home.

Deputy Sheriff Wayne Crawford of Ukiah and other officers assisted Day in locating the culprits and causing their arrest.

## Government Hunter After Bad Coyote

Charles Prindle killed a 300-pound brown bear on the Williams ranch, at the head of Big river, a few days ago, and is now trying to trap or shoot an old coyote which has been ranging from that place to Orrs Springs and Comptche for some months. This particular coyote is charged with traveling as much as 15 miles every day and he has been doing great damage among the flocks and calves. A few days ago the hunters found the remains of a doe he had nearly devoured. Prindle is a U. S. government hunter and is not connected with the state department of biological survey with which all of our other hunters are connected.

## Mayor Thomas Talks on the Needs of Ukiah

### Outlines What Has Been Done to Help Town and What Is Yet to Be Done by Council

Preston Cherry presided at a well attended and enthusiastic meeting of the Ukiah Lions club at the Palace hotel Thursday noon at which W. K. Davis, program chairman for this year, initiated a series of talks by various experts on the vital subject of "The Most Important and Immediate Needs of the City of Ukiah."

It is Mr. Davis' intention to have the different divisions of the public represented in an attempt to crystallize opinion concerning the city's needs.

Addresses will be made by leaders in the banking business, the mercantile interests, the farming industry, the church, the schools, and the women's clubs.

Mr. Davis began advisedly with the city government by requesting Mayor J. R. Thomas to make the first address: It is the mayor's official affair to make a study of the city's needs and to attempt to satisfy them and, perhaps, no other single individual is more conversant with Ukiah's present and future civic requirements.

Mayor Thomas spoke of the condition of the utilities at the present time, the improvements that have been recently made in the various departments, particularly the new machinery that had recently been installed at the gas plant, and told the council's action in securing from the city of Hollister a large amount of up-to-date machinery at a saving to the city of approximately $20,000, made possible by the introduction of natural gas at Hollister and the consequent displacement there of the machinery heretofore used.

He also spoke of the improvements in the electric system, particularly the new sub-station, and improvements of the water plant in the laying of additional water mains, giving to the residents of the city much added protection and convenience. He stated that all of the utilities are now in good condition, and all operating at a profit. Also that the city council hopes to be able to have further reductions in rates now in force, whereby the people will get better service at a reduced cost to the customer.

He advocated the necessity of making our city more attractive and referred to the marked improvements already made in the way of beautifying the homes and gardens of our progressive people.

Mr. Thomas stated that in his opinion the most important matter now confronting the people of Ukiah is the improvement of the streets in the residential sections of the city, and told his hearers that the city council has under consideration a program by by which it is proposed to surface the streets in the residential district just as far as possble, at a very small cost to the property owners. In this way it is hoped to relieve the present very unsatisfactory condition existing on account of the mud in winter and dust in summer, and at the same time do away with the broken surface so disagreeable under present conditions. He also expressed the necessity for cooperation and the spirit of acting for the public good rather than for individual interests.

His remarks were enlightening and well received by his audience.

Guests of the club at this meeting were J. J. Thornton of Potter valley, John Austin of Ukiah, and L. W. Campbell of San Francisco.

## Bad Check Operator and Bigamist Taken

### James Austin, Wanted in Sonoma County, Arrested Here Last Thursday

James Austin, wanted for issuing bad checks in Sonoma county, was arrested here Thursday night of last week by Sheriff Williams and deputies after his car had been spotted by Officer Will Briggs. The car number had been broadcast by the sheriff's office of Sonoma county and Briggs was on the lookout for it. Austin was in a local restaurant when the officers were notified by Briggs and as he came out with a woman companion he was told by Sheriff Williams that he was under arrest. He started to run, but Williams drew his revolver and Austin calmed down.

He was sent to Sonoma county for trial and pleaded guilty. He was sentenced to San Quentin.

The woman with him here had recently been married to him in Reno, Nevada, but he already had a wife and several children. However, neither woman would file a complaint for bigamy. Concerning the case, the Santa Rosa Press Democrat says:

James Austin, bad check operator and bigamist, entered San Quentin penitentiary yesterday to begin a term of from one to 14 years for forgery.

After his wife, mother of his two children, had paid a farewell visit of almost half an hour with him, Austin was taken to the penitentiary by Deputy Sheriff Herbert Mothorn, county jailer. Earlier Austin's wife, Mrs. Ada Austin, her children and her father, James Addleman, Healdsburg rancher, had heard Judge Donald Geary pronounce sentence on him.

Austin was arrested in Ukiah Thursday night on request of authorities here, who had broadcast a warning throughout the region when it had been found that checks the man had cashed in Petaluma were worthless. He was accompanied at the time by Mrs. Viva Nelson Austin, a pretty blonde Nevada divorcee, whom he had married in Lovelock three weeks before.

The following day Austin was confronted in the county jail here by his father-in-law and later by his first wife. He admitted that he was a bigamist as freely as he admitted having issued worthless checks in Sacramento, Petaluma and Santa Rosa.

Neither wife would prosecute him for bigamy and he went into court and pleaded guilty to forgery, without request for probation.

The motorist escaped serious injury, receiving a few cuts and abrasions.

## Picnic Ends in Row; Willits Man Beaten

### Victim, Kicked in Back, Forced to Undergo Operation for Removal of Kidney

WILLITS, Jan. 13.—Clarence Shuster is at the Howard Memorial hospital in a critical condition as the aftermath of a fight at a picnic held on the Outlet last Sunday Most of the picnic party came up from Sonoma county and officials state that they brought a large and varied assortment of liquid joy with them. The party ended in a free-for-all flight in which most of those present participated. During the course of the melee most of them were thrown in the creek and got soaking wet.

While Shuster was lying on the ground, it is alleged, T. A. Hart, of Healdsburg, Shuster's brother-in-law, kicked Shuster in the body with such force as to rupture his left kidney. The injury was not considered serious until some hours afterwards, when Shuster walked to the hospital for relief. An operation was performed Monday morning and it was then discovered that the kidney had been split in half and it had to be removed. Peritonitis had set in but this has now been curbed and the reports from the hospital this morning state that Shuster is resting easy.

A warrant for Hart's arrest was sworn out by Chief Jake Thom, Monday morning, and as Hart had returned to Healdsburg he was called up on the telephone and requested to go up to Ukiah and give himself up, which he did. He is now out on bail. In the meantime further developments hinge on whether Shuster recovers or not.

Hart denied to Sheriff Williams that he had quarreled or fought with Shuster, saying they were on the friendliest of terms and had no reason to fight.

The warrant against him was issued by Justice W. F. Whitney of Willits, who fixed bail on the charge at $500 cash of $1,000 bonds. The bonds were provided by Hart at Healdsburg to insure his appearance in the Willits court.

## Child Dies in Fire From Oil Explosion

### Baby Daughter of Mr. and Mrs. Will White of Willits Is Fatally Burned

WILLITS, Jan. 9.—Barbara White, 15-months'-old daughter of Mr. and Mrs. Will White, was fatally burned here Saturday night and lived less than half an hour after the accident. Her mother had just started a fire in the kitchen stove preparatory to getting the evening meal and she used refuse crankcase motor oil to start the fire. After starting the fire she left the baby alone in the house and went over to her nearest neighbor on an errand. She was only gone a few minutes but when she returned she found the baby lying on the kitchen floor with all of her clothing burned off, her skin blackened and the outside flesh parboiled. The baby was rushed to the Howard Memorial hospital and a doctor was summoned but the baby died on the way.

The father, Will White, works at a garage and has been making it a practice to take the refuse crankcase oil home with him and his wife used it to start the fires. It is presumed that there were some live coals in the stove and in a few seconds enough gas was generated to blow open the stove door and some live coals on the floor, or the baby may have been standing near the door of the stove when the explosion took place and her clothes ignited. A small hole was burned through the kitchen floor but the fire was put out before it could do any more damage.

The funeral services were held at Anker's funeral home the following afternoon but no one was allowed to see the charred remains.

The baby's grandfather, Fred Page, died here about six weeks ago.

## Petition Heard for Proposed Extension

### State Railroad Commission Take Testimony. Line Would Develop Long Valley

WILLITS, Jan. 13.—Representatives of the state railroad commission held the hearing on the application of the Central Mendocino County power company for permission to extend their power lines to Long valley. The hearing was held at the town hall Tuesday afternoon and the commission was represented by Wm. T. Satterwhite, examiner; A. B. Daly, enginer, and Ben Mulligan, reporter.

No objections were made to the proposition and the first witness examined was A. L. Woodhouse, vice-president and general manager of the above named corporation. Among other things he satted that his company had a friendly understanding with the Benbow people, who have an electric franchise for most of southern Humboldt county and as far south along the Redwood highway as Cummings. He stated that if the permission is granted the power line will be extended from Willits to Laytonville as soon as weather will permit; that most of the residents of Long valley adjacent to the highway have already signed up and also people living between Willits and Laytonville; that the local company would have to be reorganized at a larger capitalization in order to raise funds to finance the extension; that the extension would be built in accordance with the regulations of the state commission.

Clyde Henry, owner of the Round valley power company, stated that he had no objections to the proposition but instead he favored it.

After the hearing was over a representative of the commission told your reporter that action would probably be taken in the very near future.

While on the stand Mr. Woodhouse stated that some Los Angeles parties were negotiating for El Primero ranch, in Long valley, and that if the deal goes through they would subdivide the holding and sell it off in small tracts and also that they would make arrangements to irrigate the bottom lands from either the creek or wells and that they would operate their pumps by electricity.

# ADVENTISTS TO OPPOSE THE LAW

## Sunday Regulation Is Not To Be Approved —The Dangers

Seventh Day Adventists of Ukiah Saturday morning passed a resolution against pending legislation in the United States Congress that would compel barbers in the District of Columbia to observe a Sunday law.

**Would Let Down Bars.**

The District of Columbia is now free from all kinds of Sunday legislation and the Adventists claim that, if the pending Sunday bill now known as S. 1202 should become a law, it would commit the National government to religious legislation which would open the doors of Congress to the presentation of more drastic measures, and in their resolution the Adventists declared reformers would eventually attempt to suppress Sunday sports, Sunday drama, Sunday musical festivals and place restriction upon every other phase of life that is legitimate on other days of the week.

Several days ago while on his way home, W. P. Thomas, who lives on the Mann ranch, found a suitcase in the road. He picked it up and put it in his vehicle. A little later he met Cardoza coming to town. Thomas asked the fruit buyer if he knew a man by the name of Hamilton that owned the suitcase. Cardoza replied in the affirmative. He also asked him if he would take the suitcase to the Palace hotel and leave it for the owner, which he agreed to do. Instead of complying with the request, he left a few days afterward, taking the suitcase with him.

Cardoza used an alias while here and went under the name of Perry. He was brought to this city Saturday by Sheriff Dick Williams and Deputy Wayne Crawford and was kept in jail until his trial Monday. # Ray Wins 3d Round in Newspaper Suit

## Endeavor of Ex-Publisher to Obtain Foreclosure Decree Nearing Success

The third and most decisive victory yet recorded in the legal battle instituted by Sam Ray to recover $5100 on a chattel mortgage from B. A. Cober and wife, of The Redwood Journal, was won by Mr. Ray Friday when Judge M. H. Iversen sustained Mr. Ray's demurrer to Mr. and Mrs. Cober's third cross-complaint and also struck from the Cobers' answer certain of the special defenses on which Mr. and Mrs. Cober relied. As a result the Cobers will be compelled to amend for the fourth time. Mr. Cober's attorney has made application to the court for a reversal of this last decision and the point will be argued the latter part of this week.

The action was started by Sam Ray to foreclose on the plant of The Redwood Journal after the Cober shad defaulted on payments of interest installments. In the first answer the Cobers urged that, because Mr. Ray had on former occasions allowed the interest to become in arrears, he had automatically waived the right to insist on prompt payments of interest installments thereafter. On motion of Mr. Ray's attorney, this defense was stricken out of the Cober's answer.

Following this, the claim was made Mr. Ray had transferred his interest in a press to the Cobers contrary to the terms of a contract under which Mr. Ray was purchasing the press ,and that the sellers had demanded the Cobers obligate themselves to pay a bonus to allow the contract of sale to remain in force. The Cobers claimed Mr. Ray owed them the amount of this bonus. Judge Iversen sustained Mr. Ray's contention this bonus could not be recovered from Mr. Ray, but that Mr. Cober was entitled only to the reasonable value of the press.

Mr. Cober then filed his third amended pleadings and therein advanced the contention he was compelled to surrender the press to its owner because of alleged violations by Mr. Ray of the contract under which the press was being purchased. Judge Iversen's decision last Friday was on this point and he holds Mr. Cober could not recover damages from Mr. Ray for the surrender of the press because, as a matter of law, he was not compelled to surrender it, and therefore, if he suffered damage it was due to his own act in making a surrender he was not compelled to make.

# HOPLAND

HOPLAND, Jan. 12.—Sentiment was revealed in the sale of the ranch home and three acres of land surrounding it on the J. C. Crawford ranch last week. Mrs. G. A. Sturtevant was the purchaser of the old homestead where she and her sister and brother passed their childhood. The place was owned by the pioneer Fine family many years. With the death of Mr. and Mrs. Fine, the parents of Mrs. Sturtevant, it passed into other hands and later became the property of Curtis Crawford. Mrs. Sturtevant plans to remodel the old home but will keep the present lines of the exterior as much as possible, adding only modern equipment and space in the interior.

Saturday afternoon a group of the friends of Mrs. Edna Furniss, who will be wedded this month to Alvan Williams, elder son of Sheriff and Mrs. E. L. Williams, surprised her by socially invading her home. The party was equipped with prebridal gifts for the popular young matron after which a tea service was enjoyed. Since Sheriff Williams has resided in Ukiah Alvan Williams has been managing the Williams ranch in Sanel valley and it is there the new home will be established.

# POINT ARENA

POINT ARENA, Jan. 13.—Mr. and Mrs. C. F. O'Brien have returned from Klamath Falls, Oregon, where they passed the holidays with relatives. They report snow piled 10 feet high along the highway in Siskiyou county. Snow plows have to be kept going practically all of the time to keep the highway open, as a good freeze after a few inches of snow lets cars break through the top crust of the snow and then they are stalled.

Mrs. R. O. Bayley is visiting her mother in San Jose.

Saturday the one-day-old infant of Mr. and Mrs. Austin Talbot was buried in Evergreen Cemetery.

Miss Isabel Huntley left Wednesday to resume her studies at University of California after passing the holiday vacation at the home of her parents, Dr. and Mrs. A. C. Huntley.

Nancy Pina passed away Sunday at the Rancheria on the Garcia, pneumonia being the cause of her death. Her remains were laid away in the Rancheria cemetery Monday. She was the widow of Louis Pina, who died in Ukiah about a week before. Nancy was one of the few Indians of the earlier generation left and she had a large circle of friends among the whites, several of whom attended her funeral.

The backing of all right thinking citizens of Mendocino county is due The Ukiah Republican Press in its avowed purpose of seeing the County Humane Society functions properly. If we have such a society it should be known to the general public and the route to pursue in bringing the attention of the society to inhuman treatment of animals should also be made known so that when and if we see any animal abused we would know what to do to have the practice abated.

Friday night the basketball teams from the local high school went to Mendocino and played the high school teams of that place with the following results: A team, Point Arena 29, Mendocino 22; C team, Point Arena 16, Mendocino 9; girls' team, Point Arena 24, Mendocino 27.

Heinie Bigall is remodeling his bakery and in a few days will open a short order restaurant and lunch room.

## *Sam Cohen Nabbed Armed Highwayman*

Stories appearing in San Francisco papers give Detective Sam Cohen, son of Joseph Cohen, of this city, much credit for his part in capturing one of a pair of bandits who, in holding up a rooming house at 825 Howard street, so seriously shot one of their victims he will die. The two bandits, after the holdup, fled and one of them, Oscar Coxwell, of Lakeland, Florida, was apprehended by Officers Sam Cohen and H. E. Minor.

**WIN FROM LAKEPORT**

The Ukiah town basketball quintet won the first league game of the season Saturday night at Lakeport when the local aggregation met the Lakeport town team. The score was 26 to 24 with Weselsky high point man. Tedbetter was high man for Lakeport with six points.

Saturday night at the Ukiah high school gymnasium the Ukiah team will play Kelseyville. The game should be a good one inasmuch as the two teams divided honors last year. Admission will be 35 and 25 cents.

EQUALITY of taxation was one of the fundamental principles of the American government. The levying of special taxes is a serious departure from that principle.

Special taxes paid by fire insurance companies amount to more than 5 per cent of the premiums paid by policyholders.

Less than a million dollars of the 30 million dollars in special taxes is used by the states for the supervision of fire insurance.

# Begin Registration Under New Statute

**Permanent Registration Law Now in Effect. Voters Must Vote at All Elections.**

Deputies working under County Clerk Harry M. Burke, as county registrar, on January 2 began the task of registering the voters of Mendocino county under the so-called "permanent" registration plan sanctioned by the people of the state at the last general election.

Deputy registrars have been appointed for practically every rural precinct in the county and, armed with maps prepared by the county surveyor, clearly showing the boundaries of each precinct, will make house to house canvasses of their district. In the cities the deputies, similarly equipped with new maps, but covering usually more than one precinct each, will make similar calls in an effort to register most of the voters within 30 days.

The "permanent" registration will be permanent for each citizen only so long as he exercises the right of franchise, for the law provides for cancellation of the registration unless he votes regularly at specified elections. This feature of the law is expected to entail much work for the registrars in all counties in keeping a check on the voting of the registered citizens.

Clerk Burke has pointed out naturalized citizens will be required to produce certificates of naturalization before they register, in accordance with law.

# TOWN TOPICS

By OLIVE E. BUSCH

## Bridge Party Held at Hopland

One of the most interesting and enjoyable out of town parties of the winter season was that given by Mrs. Jennie Duncan at her beautiful home in Hopland last Saturday evening.

The large fireplace in which a cheerful fire blazed was a most attractive feature of the large living rooms.

The artistic decorations conformed to a charming color scheme of delicate pink and green.

The center piece for the supper table consisted of a beautiful arrangement of pink carnations and maidenhair ferns. The table was lighted by pink candles in green holders and the place cards, nut cups, and various other table adornments were also in pink and green.

The high score prizes were awarded to Mrs. J. C. Hurley and Clarence Nicks. A sumptuous supper was served at midnight.

Those who participated in the pleasure of the party were Mrs. R. L. Dennen, Mr. and Mrs. F. D. Patton, Mr. and Mrs. J. C. Hurley, Mr. and Mrs. M. J. Sullivan, Mrs T. J. Glatt, Mrs. Jennie Duncan, P. J. Boring, E. J. Cooper and Clarence Nicks.

## Sewing Club's Monday Meeting

Later the ladies were joined by a masculine contingent of husbands and friends whom they accompanied to the home of Mr. and Mrs. Burton Brown in Clara avenue, where the party staged an old-fashioned charivari of the noisy country variety.

## Kosmos Club Holds Luncheon

The Kosmos Club held its annual luncheon at the club rooms in West Henry street yesterday.

The birthday luncheon is an interesting affair eagerly anticipated in Kosmos Club circles.

The tables are laid in twelve divisions, representing the months of the year and the decorations are suggestive of the traditions, holidays and seasons characteristic of the different months.

The committee in charge of yesterday's meeting included Mrs. Jessie Crawford, Mrs. Jewyl Stipp, and Mrs. Hattie Thornton.

## Business Women Meet at Palace

The Business and Professional Women's Club of Ukiah ushered in the year 1932 at an interesting and enthusiastic meeting at the Palace hotel January 7, with Vice President Mrs. Vivian Smith presiding.

Mrs. Louise Bernhard, chairman of the entertainment committee, was assisted in the plans and preparations for the dinner meeting by Mrs. Mary Louise Tartaglia, Dr. Ida J. Holloway and Mrs. Josephine Rothspack.

The program had been previously announced as "A Trip Around the World," reservations for which were made with R. E. Dimmick in the lobby of the hotel.

Uniformed railway employees conducted the passengers to the Canton room, which was arranged to represent the interior of a transcontinental train.

The role of the courteous and efficient colored porter was most realistically portrayed by Dr. A. E. Holloway and his solicitous service was in constant demand and highly appreciated by the travellers.

The tables were decorated with the flags of many nations, and artistic pictorial menus furnished through the courtesy of the Southern Pacific railroad listed dishes characteristic of the cookery of the lands visited, including California crab cocktail, Hawaiian salad, English roast lamb, Irish potatoes, Italian string beans, French pastry, etc., all of which was cleverly and capably cooked and combined by the club's champion Chinese chef.

At the close of the repast, Mrs. Bernhard presented an unique and interesting program consisting of compositions culled from the music and literature of the nations of the world.

The several stops in the train's transcontinental transit were marked by community singing led by Mrs. Bernhard and accompanied by Mrs. Thelma Saari on the piano.

Even in the imaginary departure from San Francisco, queen city of the west, a note of sadness could be detected in the soft strains of "Farewell to Thee."

By vivid description, Mrs. Bernhard lured the travellers into a land of fancy and with her they paced the picturesque paths of the Grand Canyon as the company sang "There's a Long, Long Trail."

A single stop in the sunny south was the signal for the lilting air of "Dixie Land."

When Washington, the national capitol was announced, the tourists rose to their feet as they sang the solemn strains of the beloved hymn, "America."

Gay Gotham was greeted with the frivilous lines of "The Sidewalks of New York."

Then the company embarked on a great ocean greyhound, cast a last glance at the Statue of Liberty and set forth on a stormy sea. In due time the ship sailed into the harbor of Queenstown, where Miss Lucile Hansen clad in the charming costume of an Irish coleen gave a clever reading in Celtic accent characteristic of life on the Emerald Isle. In a visit to the rugged land of the Scots, Mrs. Katherine Foster gave an excellent interpretation of the Highland fling. She wore kilts brought directly from Scotland by Mrs. Reed Lowe, who returned last November from a six months' stay in the highlands. The skirt is 4½ yards around at the bottom and the pleats are put in so the pattern of the plaid is unbroken.

Landing at a French port on the Bay of Biscay and motoring across the country they were entertained en route by the talented Dr. Ida J. Holloway in the typical costume of a French peasant who sang folk songs in French and played for her own accompaniments on the guitar.

Mrs. Josephine Rothsprack, recently from Germany, clad in the costume of the country, recited from her favorite author in that land of literature and translated the beautiful thoughts into English.

Dropping down to the Mediterranean realm of Mussolini, Mrs. Drusia Harris arrayed in the radiant robes of fair Italy, executed a song and dance that was highly appreciated.

Miss Blanche Valette was lovely in a brilliantly embroidered silk shawl over a gown of black lace as she gave a perfect interpretation of a graceful Spanish dance.

One of the best performances on the program was the picturization in piano music by Mrs. Thelma Saari.

The land of the rising sun was beautifully represented by Mrs. Ruth Mankins in a Chinese costume of gold colored satin and brilliant head dress, and the Misses Alberta and Lorraine Mankins in similar gowns of rose and gold with bright colored head dresses who were introduced as the dancing daughters of the dragon. Their act was greeted with prolonged applause.

On arriving at the "Paradise of the Pacific" the company enjoyed the climax of the entertainment, a Hula Hula dance by Mrs. Mary Scholl garbed in a grass skirt with a lei about her neck and her skin tinged the tawny hue of the native Hawaiian.

The return to San Francisco was heralded by the singing of "Home, Sweet Home."

Mrs. Bernhard's experience as a teacher enables her to discover and develop talent and this community venture was an unqualified success and a delightful surprise to all present.

Mrs. Marie Hinton Rea, past president of the club, accompanied by her daughter, Mrs. R. S. Thompson, was present for the first time in several months. She was very cordially greeted by the members, who expressed their pleasure in her presence.

The next meeting will be held January 21, with Mrs. Katherine Foster, Mrs. Lucy Reynolds and Miss Margaret Bordessa.

## Saturday Afternoon Club

The Saturday Afternoon Club held the first meeting of the year at the clubhouse on January 9, with Mrs. A. L. Tracy presiding.

After the regular business session, Mrs. V. C. McClure, chairman of the day, presented an unusually interesting and instructive program.

Chas. Bernhard addressed the club on the timely topic of "Television" and illuminated his talk with a variety of illustrations and demonstrations.

He quoted W. S. Paley, president of the Columbia Broadcasting System, in his assertion that television is already in practical application, instructing and entertaining increasing thousands, although admittedly still in the experimental stage.

Within the past few months, the images of speakers and singers have gained increasing clarity and accuracy.

One of the first television broadcasting stations (W2XAB) was inaugurated in the Columbia building in New York last July and has since maintained a regular daily chedule.

The programs are planned not only from the standpoint of entertainment but, also, with the goal of intensive and progressive experiments into television possibilities. The boxing bouts have become a regular weekly feature and amazing developments may be anticipated in dramatic presentations.

In support of his own faith in the future of television, Mr. Bernhard quoted several salient statements by the famous scientist, Hugo Gernsbach, who says that what has already been achieved in a small way in television will be repeated on a prodigious scale in the near future by the instrumentality of what is now termed the tele-theater.

Imagine a special building erected in the city of New York for the sole purpose of supplying the entire country with its daily theater programs—not motion pictures which are a "canned" product but an actual theatrical performance at the exact time of its production.

The performances of the future will be on a heretofore unparalleled scale as a single exhibition will be viewed by many millions.

The Baird television system made it possible recently for Englishmen to see their famous "Derby" right in their own homes—sights, sounds, and all.

Paralleling the home-made stage of radios, thousands of Englishmen have already made television receiving sets.

Mr. Bernhard states that John L. Baird, of England, the best known European television expert, believes that tomorrow gorgeous stage plays and motion picture productions will be available in our own homes by simply turning a dial and tuning in the desired feature.

The club members were intensely interested in the invention and at the close of the address the speaker was plied with numerous questions concerning this scientific subject.

During the social hour, sweet music was softly played by a radio installed by Mr. Bernhard.

Delicious refreshments were served by a committee of hostesses consisting of Mrs. E. F. Hawn, Mrs. A. Gambrel, Mrs. F. C. Albertson, Mrs. J. A. Jamison, and Miss Grace Emery.

### WEDDING TRIP TO HOUSTON

## Honolulu Residents Visit Former Home

Mr. and Mrs. E. S. Wheeler came up from the Hawaiian Island for their annual Christmas vacation in California and have spent the past month visiting with relatives and friends in San Francisco and Ukiah.

They are former residents of this city and are very cordially welcomed by a wide circle of friends on the occasion of their yearly visit here.

Mr. Wheeler is the son of Sam Wheeler, who was for many years an official of The Bank of Ukiah. He is a civil engineer in charge of road construction for the United States government in the Hawaiian Islands.

Mrs. Wheeler, nee Ada Handy, is a sister of P. W. Handy of Ukiah and the late Senator F. C. Handy.

Mrs. Wheeler, who has been widely entertained during her recent visit to the mainland, was hostess to a score of her friends at a charming luncheon at the Western Women's club in San Francisco last Saturday.

An Hawaiian orchestra discoursed music, which seemed to echo the wail of wind and wash of waves on Pacific Isles.

The center piece of the luncheon table was a small replica of the great ocean liner that will soon bear the Wheelers away to their island home.

The favors were leis, which when donned by the guests, added color to the scene.

Former residents of Ukiah who were in attendance were Mrs. J. L. McNab, Mrs. Celia Lobree, Miss Florence Handy, Mrs. Hazel Malone, Mrs. H. A. Jepsen, Mrs. Lindsay Crawford, and Mrs. Phyllis Packer Svane.

After the luncheon, Mr. and Mrs. Wheeler, Miss Florence Handy and Mrs. Hazel Malone came up to Ukiah, where they were guests of Mr. and Mrs. P. W. Handy over the week end. They returned to San Francisco Saturday by way of Lake county.

## Minnie Coulter Dies At Santa Rosa

Teachers and school officials of Mendocino county will learn with regret of the death of Miss Minnie Coulter, which occurred at her home on Cleveland avenue, Santa Rosa, on January 9.

She was a member of one of Santa Rosa's oldest families and a veteran teacher. For 20 years she was principal of the Lincoln grammar school and was superintendent of schools of Sonoma county for eight years. Her usefulness and prominence in educational life made her known throughout the state. She was one of the early grand presidents of the Native Daughters of the Golden West and was, at on time, president of the California Teachers' Association.

A friend and admirer writes, "She it was who chose the birthday of Luther Burbank when she was county school superintendent, as the day on which Sonoma county children should celebrate Arbor Day and at the same time honor the illustrous man, by the beautification of God's green earth, and later the state of California, also, adopted the day."

## ANDERSON VALLEY

BOONVILLE, Jan. 15.—Anderson valley had a wide variety of weather Tuesday. We had sunshine, wind, rain, hail and snow, and towards evening the snow settled on the ground without melting and gave promise of blanketing the valley to match the surrounding hills, which were covered during Monday night. However, only enough snow fell to partly cover the ground, although Bell valley had close to five inches.

Mrs. Rena Cadera returned to San Francisco after spending New Years with her parents, Mr. and Mrs. Pasero.

Mr. and Mrs. Fred Sletten, of Richmond, are visiting Mrs. Sletten's parents, Mr. and Mrs. W. L. St. John.

Lawrence Pasero, Jr.'s wound, caused from falling on a broken cup, is healing nicely and looks as if it may leave no scar, although seven stitches were taken to close the cut.

The Con Creek school board is making a number of improvements. An electric pump has just been installed, also drinking fountains and lavatories. These dark, stormy days they are finding their electric lights a great help as in the late afternoon it is so dark as to make studying without light difficult. It's too bad all of the school houses in the valley have not been wired. Con Creek was given the money from the Peachland school district when it was discontinued and have used part of it to improve their school.

Wm. Adams, who has been visiting his aunt, Mrs. J. F. Hedgpeth, for the past month, left Saturday for his home in Texas. Mr. and Mrs. Melford Hedgpeth took him as far as San Francisco Saturday.

The high school basketball teams played in Cloverdale Friday night but won only one game. The girls' first team won without much effort but their second team and the boys' team were defeated. This week they play in Fort Bragg.

Presiding Elder R. C. Cantrell conducted services at the Philo church December 3. In deference to him the high league held their services there also instead of at Boonville.

The young peoples' class in Sunday school has started an attendance contest for the first quarter, the winning side to be entertained by the losing side. Alden Reilly and Perry Hulbert as opposing captains are each going to see that the other side has to keep working to win.

## *Snow Falls on Coast Tuesday Afternoon*

Tuesday afternoon the youngsters and some of the older residents of Fort Bragg had their wish of many years gratified — that of a snow fight here in town. Snow began to fall around 3 o'cclock in the afternoon and fell steadily for approximately two hours. Although it did not stay on the pavement, the tops of cars and houses were covered with it and quite a drift was formed in the ridge of the houses. The ground in the residental district was covered and here the youngsters had the time of their lives, making snow balls and having miniature wars.

In the down town district one could see the business men and clerks grab a handful of snow from an automobile top and try his luck at hitting a neighbor with a snowball.

A fall of snow like Tuesday's is very seldom seen here on the coast, and the people made the most of it. —Fort Bragg Advocate.

Kathleen Thurston is leaving today for Healdsburg, where she will spend the week end as the guest of Mary Jane Morris at the home of the latter's parents, Mr. and Mrs. Follett Morris.

# Mrs. Sarah Sawyers Passes Away Friday

### Registration at Willits Showing Big Gain for Democrats. Lodges Install.

WILLITS, Jan. 12.—Registration of voters started here last week and several hundred have already been enrolled by the deputies who are making a house to house canvass. The most remarkable feature is the tremendous change which is taking place in politics for this year, at least half of all the voters being registered as democrats. For the past generation the republicans have always led here by the ratio of about three to one democrat.

**Death of Mrs. Sawyers**

Mrs. Sarah Sawyers died at her home in Willits, January 8, following an extended illness of about a year's duration. The deceased was born in Winterset, Iowa, April 7, 1856, and came to this valley with her parents in 1869. Her parents, and their 12 children, five boys and seven girls, had the honor of traveling on the first through train from Burlington, Iowa, to Sacramento, which was the terminus of the Central Pacific railroad. In 1868 there was only a trail between Ukiah and Willits and their household goods had to be packed in on mules. The "new" wagon road connecting Willits and Ukiah was not completed until 1871, or 60 years ago.

In those early days there but a few large families living in this valley and it so happened that most of the Sawyers children were boys while girls led in the Whited family. As soon as they reached maturity a Sawyers boy would marry a Whited girl and so in 1876 David Sawyers and Sarah Whited were married, they being the third in each family to do so. Two children were born to this union: Mrs. Fannie Rogers of San Francisco and Louis Sawyers of Willits. Besides these there are three grandchildren and two great-grandchildren. Mrs. M. F. Hockman, of Kenwood, Sonoma county, a sister, is the only remaining member of that generation of either the Whited or Sawyers families.

The funeral services were held at the family residence Sunday afternoon, Chaplain G. H. Jones, officiating, and the Rebekah lodge attended in a body and held services at the grave in the old "Sawyers" cemetery, where the deceased was laid away beside all of the loved ones who had passed on before. David Sawyers, her husband, died about two years ago.

Sarah Sawyers was a charter member of Lagunita Rebekah lodge and had filled every office in the lodge and also served as district deputy. Up to within a few years ago she was a very active member and took part in all of their social activities. She was converted and joined the Baptist church while she was still a young woman and taught in their Sunday school up to within a few years ago. She was very active in all of the church work.

Among the outsiders that came here to attend the funeral were Wade Sawyers and family of Fresno, Mr. and Mrs. V. W. Rogers and daughter, Iletha, of San Francisco, and other relatives. The following composed the Ukiah delegation: Mr. and Mrs. Ed Davidson, Frank Davidson, Warren Sawyers, Will Haehl, Mr. and Mrs. Jud McClelland, Mrs. Frieda Anderson, Jerry Lea and Mrs. Kate Burgess.

Mrs. Sawyers' age was 74 years, 9 months and 1 day.

**Hospital Notes**

Mrs. Naomi Wheeler, a former Willits resident, but now living in Los Angeles, came up last week for special medical attention and is now at the Howard Memorial hospital.

Leo Frye was released from the hospital last week. He lives near Cummings and a few weeks ago shot himself in the leg, which afterwards had to be amputated to save his life. As soon as he gains more strength he will have to undergo another operation. This time several inches of the bone will have to be sawed off in order to make a cushion for an artificial leg. The first operation was an emergency one and at that time there were doubts about saving his life after gas gangrene had set in.

M. E. Thornton, the man who had eleven vertebra fractured when he rolled over the grade near Cummings some weeks ago, was released from the hospital last Saturday and has returned to his home near Fortuna. He is wearing an iron spinal brace and it will still be come months until mother nature repairs the damage.

# ROUND VALLEY

COVELO, January 12.—The board of directors of joint highway district No. 20 met with the state highway commission at Sacramento Friday. A request for state cooperation in the contingent expenses of the district was very cordially received, and the commission authorized participation to the extent of one-third of the costs, which the board estimates at about $1500. The sum of $500 was voted for the district from the state joint highway district fund as the state's initial contribution. It was stated that should the sum not be sufficient an additional contribution will be made. Mendocino county will contribute $500 from the third road district funds, and the citizens of Corning have $250 ready, with the assurance that more will be forthcoming as needed.

Joint highway district No. 20 is now a going concern, and the reconnaissance survey of the Longvale-Dos Rios section will soon be under way.

John Quinliven has his road crew out removing the slides from the Covelo-Dos Rios road.

Stubs for electric light poles have been scattered from the main line to the Rolland Hurt ranch.

Veterans' funeral services were accorded Lawrence Frazier, Indian World War veteran, who passed away at Susanville recently at the age of 33 years. His brother, Robert, was with him at the end, and brought the body home for burial. Services were conducted by Pastor Chas. A. Olsen at the reservation church Friday afternoon.

On Thursday afternoon at Pine Grove cemetery were laid to rest the remains of Fred Frease, half-brother of Pete Clark, who passed away on Tuesday after a lingering illness.

Friends are congratulating Walter Winters on the arrival of his first daughter, Artie Emma, in San Francisco January 5, 1932. Mother (formerly Miss Dallas Lovell) and daughter are still in the city where life is going well with them. This is the first grand child in either family, and is therefore unusually important.

Early morning shoppers appearing on the street Saturday morning were treated to a sight which is growing more and more rare with the passing of years. Parked on Commercial avenue in front of the butcher shop was a hunter's car, on its running board a full-sized male panther and a large bob-cat. The trophies were brought in from the Ham range on the upper reaches of Eel river, Raymond Hill and Hugh McCombs being the victorious hunters. There is a bounty of $20 on the panther. It is hard for the average citizen, accustomed to vacationing in our hills, to realize that these dangerous cats still inhabit the region. A dead buck was found on which the cat had been feasting. Though guilty of killing out of season, he had chosen his prey within the law.

Dancing will follow the presentation of the Eastern Star play, "The Sky Bird," at the auditorium on Friday evening, February 12.

Mrs. Rice, Mrs. Woolley and Mrs. Moore have been appointed a committee to prepare an Eastern Star number for the community celebration of the George Washington 200th anniversary, to be presented by the Covelo Women's Improvement club. Mrs. Alice Bradshaw of the high school faculty is the general chairman. It is her desire to have every organization in the valley represented in the evening's entertainment. Plans are being worked out gradually, and will be reported as rapidly as they can take definite form. Covelo hopes to rank well in her participation in this nation-wide celebration.

The choral club, under direction of Mrs. G. W. Goforth, has already begun the study of some appropriate songs for the Washington anniversary.

Ten members of the Dorcas Aid had a delightful time Friday afternoon discussing the work of the year just closed and making plans for energetic action in the coming year. At the suggestion of Mrs. Walter the society voted to hold an election day dinner in November. Mrs. Walter, Mrs. Laura Begley, Jr. and Velma Azbill will act as a committee to sponsor early in the spring a fancy work display, featuring especially heirlooms from the time of our mothers and grandmothers. There are a number of fine pieces of handwork in the valley, handed down from preceding generations. It is the aim of the committee to place these on display. At the next meeting each member is requested to piece a quilt block which will be ready.

Mrs. C. S. Foster had planned for her little daughter, Beulah Vie, a delightful birthday surprise party for Friday afternoon, January 8, that being the 12th anniversary of the happy event. All the girls of the sixth grade, being duly sworn to secrecy, were requested to assemble at 4:30 at the studio at Mrs. Bradshaw's. Miss Whittaker, the two Misses Rowe and Mrs. Biggar were also bidden. A clever guessing game sharpened the nimble young wits, while the elders prepared refreshments. Beulah Vie won the contest, with 22 correct answers out of a possible 23. She then proceeded to open the gift packages which had been deposited by the guests on a table beneath the chandelier, decorated in pink and white. As each package was opened there was a joyous exclamation, a pause to single out the giver, and a smiling "Thank you," before proceeding to the next. Then came the mother, bearing a beautiful birthday cake covered with pink icing and decorated with 12 pink candles in green holders. Two puffs extinguished the candles, Beulah Vie cut the cake, sandwiches and pink ice cream appeared, and all made merry. As the guests filed out the young hostess stood at the door and gave each a pink carnation from the beautiful basket which had been contributed by Mrs. Hill in honor of the occasion.

Mrs. L. W. Burby was hostess to small son John's Sunday school class on Saturday afternoon. Upon receipt of their invitations the eager young guests announced their intention of being on hand in readiness at 1:00 o'clock. Needless to say, both hostess and guests spent a delightful afternoon, interspersed with games and refreshments such as every good mother knows how to apply at the most effective time and place.

Honoring Clara Jean's tenth anniversary, the fifth and sixth grade pupils with the Misses Rowe gathered at the hospitable C. H. Lovell home on Howard street on Saturday afternoon from 2:00 to 4:00 o'clock. Lavender and green streamers above the gift-laden table gave a festive air to the livingroom. A specially decorated brithday cake from the bakery in pink trim with pink candles, supplemented by two others and quantities of lemonade, pleased the young palates. The bright spring-like sunshine enticed the guests out of doors to revel in the open until the appointed hour should speed them homeward with many happy wishes for their charming young hostess. A pleasing memento of the afternoon was a guest book in which each was registered.

A peppy meeting, without unnecessary delay of any sort, characterized the opening of the year at the farm center. Twentysix paid up memberships were reported, with several others to follow. Informal discussions of matters of local interest were conducted. Mr. Burby was appointed chairman to appoint his own committee and investigate the problems to be encountered in establishing a local skimming station to accommodate various owners of one or two dairy cows whose surplus milk cannot now be profitably taken care of. Three new standing committees for the year were appointed. Last year's chairmen were retained. The committees and their leaders follow:

Dairy improvement, Roy Sherburn; live stock, Grant Winters; roads, G. M. Biggar; aviation, F. O. Long; weed and pest control, G. R. Redwine; drainage, J. I. Hurt; poultry, to be appointed; entertainment, G. M. Biggar; publicity, Mrs. Reva Burns; fair, E. H. Long.

E. W. Stephens will be present at the February meeting to speak on marketing of stock. The officers are hoping that every stock man in the valley and adjacent territory will be present to hear what Mr. Stephens has to say on this vital topic. The center is also requesting that Mrs. Stephens will do us the favor to sing. Our people remember with much pleasure her gracious response to such a request on a former visit here.

Grant Withers offered some helpful suggestions about unifying the program for each meeting. At the suggestion of Mrs. Anderson the center voted a protest against the proposed raise in postal rates. A rousing cheer was given Paul Cerutti in recognition of his recently acquired American citizenship.

Funeral services for Russell Henry Ells, Jr., month-old son of Mr. and Mrs. Russell H. Ells of Willits, were held at the cemetery Wednesday afternoon. Rev. W. A. Grey of the Baptist church officiating. The little one was born at Willits December 3, 1931, and died there January 3, 1932. He was the second child and the first son of his parents. The sorrowing parents are known to all and related to many of our citizens, hence deeper and keener sympathy than usual is extended to them here.

Attorney and Mrs. W. S. Van Dyke of Ukiah were in Covelo the first of the week, transacting business and visiting friends.

Ed James of the California State Automobile Association, was in Covelo during the week.

Word received from Mr. and Mrs. G. R. Redwine announces their return for January 17.

Friends here received cards during the week from the Burnhams, who are again at the sanatorium in Santa Barbara after a visit with relatives in Covina. Mrs. Burnham is progressing slowly in her recovery.

From Mrs. J. B. Bellatti come messages of cheer to her friends, telling of a delightful summer in Arizona and of extensive sight-seeing throughout the southwest.

Joseph Long is doing efficient work in the civil service department in Sacramento.

The next meeting of the Covelo Women's Improvement club and of the girls' 4-H club will be held Saturday afternoon, January 16, at the auditorium at the usual hour. The publicity committee will have the program in charge.

The Round Valley chamber of commerce will hold its January meeting on Monday evening, the 18th. Members are requested to notify the secretary so that places at dinner may be made ready for them.

# Cannot Sell Wood By Tier Hereafter

C. B. Mallory, sealer of weights and measures for Mendocino county, will arrive in Ukiah shortly from Fort Bragg to wage a campaign of education against the use of the word "tier" in the sale of firewood.

It is unlawful to use tier measure in the sale of wood and, if a dealer gives a receipt for wood so measured, he is liable to arrest and fine.

Wood may be sold only by cord measure and may be designated as half or quarter cord, but never by tier.

A cord must measure eight feet long, four feet high and four feet wide and any short weight is punishable by fine provided the purchaser has a receipt to show the amount he has purchased does not measure according to his dealer's designation.

It is unlawful to advertise wood for sale by tier and Mr. Mallory urges dealers to keep within the law in their dealings with the public.

Mrs. R. L. Lawson, who has been seriously ill at the home of her parents, Mr. and Mrs. F. D. Patton, is gradually convalescing. She is able to be up part of the time and her friends are hoping for her early and complete recovery.

**CHRISTIAN SCIENCE SERVICES**

"Life" will be the subject of the Lesson-Sermon Sunday, January 17, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The citations which comprise the Lesson-Sermon will include the following from the Bible: "Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper" (Ps. 1:1-3).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "For right reasoning there should be but one fact before the thought, namely, spiritual existence. In reality there is no other existence, since Life cannot be united to its unlikeness, mortality. Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character. Thus progress will finally destroy all error, and bring immortality to light" (p. 492).

NOTE:—In the above tabulation of the tides the daily tides are given in the order of their occurence, commencing with the early morning tides in the left hand column and the succeeding tides as they occur. On some days but three tides occur, the fourth occuring on the following morning.

The column of heights gives the elevation of each tide above or below the level of the Coast Survey chart soundings. The numbers are always additive to the chart depth.

The data is practically the same for Point Arena Light, Navarro River Entrance, Little River Harbor, Mendocino Bay and Fort Bragg Landing. For Westport subtract 5 minutes from the time and for Shelter Cove add 0.6 ft. to high tide.

## THE RUSSIAN GULCH PARK

This week the supervisors had under consideration an offer by the state park commission to put up $21,500 toward the purchase of the Russian gulch park site, about halfway between Mendocino city and Caspar. The state asks that Mendocino county set aside $10,000 as its share so that the money will be available as soon as certain options now being negotiated with the Hargrave heirs have been obtained.

The Dispatch believes that the opportunity is too good to be neglected. The proposition has been approved heretofore by practically every civic organization in the county and the money has already been raised and is in the unbudgeted reserve. It requires a four-fifths vote of the board to set it aside. If the offer of the state park commission is not accepted now it may be withdrawn never to be proffered again.

The coast section is in a precarious condition financially. The lumbering industry will never again be what it has been. Other sources of income must be found by the coast people. They are working bravely to solve their problems and slowly they are solving them, but meanwhile their assessed valuations are dropping and that is a circumstance that is affecting vitally the pocketbooks of the valley taxpayers. As property values drop on the coast, less taxes will be raised there and the deficiency will have to be made up by valley property owners. Therefore, anything that can be done to maintain values on the coast, should be done. The coast has vast possibilities as a playground. Its rivers and the waters immediately offshore teem with fish, abalones, mussels, etc., and more and more people are making their way there to take advantage of the sport offered. But better roads are needed. The state is being asked to take over the section of road from the mouth of the Navarro to Fort Bragg. The proposed park at Russian gulch is on this road. How much greater will be the chance of getting the state to take over the road if there is a second state park on the route (there is already one at Littleriver, the gift of the late Charles Van Damme)!

Another factor enters into the situation. Eventually the state will be ready to take over the Montgomery grove at Orrs Springs and the Hendy grove in Anderson valley. If the valley districts lend their aid to the coast at this time in behalf of the Russian gulch proposition, the coast will most certainly reciprocate when these other projects are ready.

There is only one reason against appropriating the money. It is urged by some that if the money is left in the treasury it can be carried over to next year and thus aid in reducing next year's tax rate. But $10,000 will not make any appreciable difference in the tax rate, and, besides, in all probability if not appropriated for the park, it will never be carried over but will be absorbed in some other manner long before next year's tax rate comes up for consideration.

We can see no good reason for refusal or hesitation. Let the board unite at its next meeting and make its vote unanimous. Our brothers on the coast have it coming to them and as we have stated above, if passed up now the opportunity may never be repeated.
